

The VARYA WOOD collection is configured as a comprehensive collection of versatile chairs with a curved plywood shell that complements the VARYA family. With a neutral yet friendly and welcoming design thanks to the use of natural wood, this collection was designed for inhabiting any setting and context in both public and private spaces. The shells are available in oak or walnut plywood and can be stained in all colours on the INCLASS sample card. The shells can incorporate an upholstered seat pad or full pad for greater comfort. To adapt the chairs to different contexts, the bases are produced in multiple versions and are available in all finishes on the of the INCLASS sample card.

**ERGONOMIC SEAT MONO-SHELL**

Monoshell manufactured with curved plywood. It is available in beech veneer, oak veneer and walnut veneer varnished in all the colours from the INCLASS sample book.

For greater comfort, the wooden shells can be fitted with upholstered seat panels or front panels, which are available in all the fabrics and leathers from the INCLASS sample book, or in fabrics supplied or specified by the customer.

**STRUCTURES****4 leg base (stackable):**

The legs are made of 16mm round steel tube 2mm thick.  
**Finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Includes self-levelling plastic glides in contact with the floor. They can be optionally fitted with felt-glides, suitable for hard and delicate surfaces.  
**Stackability:** This version is stackable.

**4 leg base (non stackable):**

The legs are made of 16mm round steel tube 2mm thick.  
**Finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Includes self-levelling plastic glides in contact with the floor. They can be optionally fitted with felt-glides, suitable for hard and delicate surfaces.  
**Stackability:** This version is non-stackable.

**Armchair 4 leg base:**

The frame is made of 16mm round steel tube 2mm thick.  
**Finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Includes self-levelling plastic glides in contact with the floor. They can be optionally fitted with felt-glides, suitable for hard and delicate surfaces.  
**Stackability:** This version is stackable.

**4 wooden leg base:**

Steel inner structure. Finished with grey thermoset polyester paint. Legs in solid oak.

**Finishes:** The legs can be varnished in natural colour or stained in any of the oak stains of the INCLASS swatch book. They can be optionally lacquered in any of the colours of the INCLASS swatch book.  
**Glides:** Fitted with felt pads in contact with the floor.

**Sled base chair:**

The frame is made in 12mm solid steel rod.  
**Finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Includes standard plastic glides in contact with the floor. To prevent from detaching, the glides are fixed to the structure with screws. They can be optionally fitted with felt glides, suitable for hard and delicate surfaces.  
**Stackability:** This version is stackable.

**Sled base armchair:**

The base made of 12mm and 14mm solid steel rod. The arm pads are made of polypropylene and can be finished in black, white or grey.  
**Finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Includes standard plastic glides in contact with the floor. To keep them from detaching, the glides are affixed to the structure with screws. They can be optionally fitted with felt glides, suitable for hard and delicate surfaces.  
**Stackability:** This version is stackable.

**4 spoke steel swivel base:**

The swivel base is made of 18mm steel tube.  
**Finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Includes self-levelling plastic glides in contact with the floor. They can be optionally fitted with felt-glides, suitable for hard and delicate surfaces.  
**Arms:** This base can be fitted with arms made from 16mm steel tube.

**4 spoke aluminium swivel base:**

The swivel base is made of cast aluminium alloy. Fitted with fixed felt glides in contact with the floor.

**Finishes:** Available in a polished finish or coated in thermoset polyester powder coating in black or white.  
**Arms:** This base can be fitted with arms made from 16mm steel tube.

**4 spoke aluminium swivel base + casters:**

The swivel base is made of cast aluminium alloy. Fitted with 65mm twin casters with soft-tread.

**Finishes:** Available in a polished finish or coated in thermoset polyester powder coating in black or white.  
**Arms:** This base can be fitted with arms made from 16mm steel tube.

**5 spoke aluminium swivel base + casters + gas lift:**

Swivel base made from cast aluminium alloy. Fitted with height adjustable gas lift column and soft-tread 65mm twin casters.

**Finishes:** Available in a polished finish or coated in thermoset polyester powder paint in black or white.

**Stool with 4 leg base:**

The legs are made of 16mm round steel tube 2mm thick, with high proof strength. The footrest is made from 12mm solid steel rod.  
**Finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Includes self-levelling plastic glides in contact with the floor. They can be optionally fitted with felt-glides, suitable for hard and delicate surfaces.  
 This base is produced in medium and high versions.

**Sled base stool:**

The frame is made in 12mm solid steel rod.  
**Finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Includes standard plastic glides in contact with the floor. To prevent from detaching, the glides are fixed to the structure with screws. They can be optionally fitted with felt glides, suitable for hard and delicate surfaces.  
 This base is produced in medium and high versions.

**Stool 4 with spoke steel swivel base:**

The base is made of 16mm round steel tube 2mm thick. The footrest is made from 12mm solid steel rod.  
**Finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Includes self-levelling plastic glides in contact with the floor. They can be optionally fitted with felt-glides, suitable for hard and delicate surfaces.  
 This base is produced in medium and high versions.

**Stool with 4 wooden leg base:**

Steel inner structure. Finished with grey thermoset polyester paint. Legs in solid oak.  
**Finishes:** The legs can be varnished in natural colour or stained in any of the oak stains of the INCLASS swatch book. They can be optionally lacquered in any of the colours of the INCLASS swatch book.

**Footrest ring:** Made from 12mm solid steel rod finished in matt chrome.  
**Glides:** Fitted with felt pads in contact with the floor.  
 This base is produced in medium and high versions.

**BENCHES**

The benches are produced in formats of 2 to 5 seats. Any of the seats can be swapped for a side table in lacquered MDF available in black or white. The beam crossbar is produced with steel tube of oval-section. The feet are in injection-moulded aluminium and are fitted with adjustable glides in contact with the floor.

**Finishes:** The beam and legs can be finished in thermoset polyester coat in black, white or RAL 9006 aluminium.

**ACCESSORIES****Foldable writing tablet:**

It is fully foldable and can be dismantled. The joint is in polished cast aluminium. The writing tablet is made of 10mm black compact board. It is available for left- and right-handed users.

The writing tablet is available for the following structure versions:  
 - Stackable four-legged chair.  
 - Sled base chair.

**Linking clips for rod sled chairs:**

Made of polypropylene. Allow linking rod sled base chairs together to form rows.

**Transport trolley:**

It allows for easy transport of the stacked chairs for storage. It is made from steel tube and plate. It is finished in thermoset polyester paint in RAL 9006 aluminium colour.

**CERTIFICATION & STANDARDS**

INCLASS quality management is certified in accordance with the ISO 9001 standard in all the design, manufacturing and marketing processes for its products.

INCLASS production processes are certified according to ISO 14001 environmental standard and are performed to minimise environmental impact.

**WARRANTY**

5 years

## Chair with 4 leg base (stackable)

Code: VAR0410

Stackable chair with wooden seat shell and 4 leg base made of steel tube.

**Seat shell finishes:** It is available in beech veneer, oak veneer and walnut veneer varnished in all the colours from the INCLASS sample book.

**Base finishes:** Available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

**Glides:** Standard self-levelling plastic glides. Optional felt glides for delicate floors also available.
