Claudio Francesco Bellini (1963) is living and working in Milan, where he graduated in Architecture and Industrial design at the renowned Politecnico university in 1990.

His strong fascination with creativity, is rooted in his early childhood years, inspired by his father Mario Bellini, whom counts as one of the most affluent figures in design history.

Today Claudio Bellini Design, recognized as one of the most influential European studios, is active within several fields of design, ranging from furniture to product and architecture, collaborating with leading companies worldwide including Walter Knoll; Steelcase; Poltrona Frau; Riva 1920. Many of its creations have received international design awards, among which the prestigious Red Dot, IF and Good design award.

ACE

The ACE chair family is driven by the idea to rethink the one-shell chair archetype. Outlines of the plastic shell gracefully flow from the seat to the back and create a loop which gently embraces the back cushion. This elegant touch creates unique visual dialogue between the cushion and the plastic frame and evokes perception of levitation and lightness.

Moreover, designed for the modern office environment and the broad target audience the ACE chair family provides extra comfort and advanced ergonomics. The open lumbar area and flexible back allow a user to sit in the most comfortable posture. Inner structure of the back cushion follows the body's natural movement and maximized flexibility.

The ACE chair is adaptable to a large variety of different leg frames and configurations. Essential yet recognizable visual language perfectly matches both contract and domestic environments.

- Distinctive open lumbar design
- Inner structure of back cushion fits closely to human body curve
- Soft and plumpy seat foam provides excellent seating experience
- Available in PU and Fabric upholstery with 5 colors
- 8 screws locking system makes the chair base easy to disassemble and switch over
- Multi-functional with different bases fits easily into divers environments

ACE is a perfect supplement for any work space. It inspires employees to walk out of the busy office and have higher efficient interaction with each other at the bar, or next to the round table.

ACE family provides more possibilities for these spaces.

The five-star version of ACE performs well to meet the demand of daily office needs, and it also creates a new visual impression for the space.

Three dimensional leg design gives out a modern feeling.

Along with the change in the form of daily work, the line between work and home has become blurred. Chairs that are comfortable, flexible and highly versatile have become the focus of attention.

In the cooperative office space, its performance is just perfect! It creates an informal and democratic atmosphere for small group meetings. In café area, it promotes a soothing atmosphere for a short escape from the busy routine.

Fabric cushion
embraces you with
comfort, adding
softness to the
whole chair and
releasing a bold
and elegant feeling
to your room.

Fabric upholstery with unique affinity, makes the product look more relaxed and comfortable.

The PU material gives ACE an aristocratic temperament, seamless splicing technology makes the chair more perfect, more classic.
