

ARUM is an iconic armchair designed for a transversal use in a wide diversity of contexts. A unique armchair that stands out by its elegant curves, lightness and welcoming comfort. The embracing backrest is pleasant to the touch, flowing and ergonomic while the seat has a smooth shape as a river stone. The structure is made of steel and the seat and backrest are made of polypropylene. ARUM armchairs are available in a wide selection of colours that allow broad customization possibilities and facilitate its integration in diverse environments and spaces.

SEATS & BACKRESTS

Composition: Polypropylene.

Finishes: Available in 14 selected colours with a matt non-slip texture on both sides.

UPHOLSTERED SEATS

Inner seat made of polypropylene covered in high-resilience flexible CMHR polyurethane foam.

Finishes: The upholsteries are available in any of the fabrics and leathers from the INCLASS sample book and optionally with fabrics supplied or specified by the customer.

STRUCTURES

4 leg base:

The legs are made of 22mm round steel tube 1,5mm thick.
Finishes: available in thermoset polyester powder coat in any colour from the INCLASS metallic swatch card, or in chrome.

Glides: Includes standard plastic glides in contact with the floor. They can be optionally fitted with felt-glides, suitable for hard and delicate surfaces.

Stackability: this version is stackable.

CERTIFICATION & STANDARDS
