

BEATLES LOUNGE CHAIR

design by Mario Tsai

Beatles Lounge Chair(Gabriel Medley GM-68005)

Beatles Lounge Chair has a very classic beetle modelling. A framework of Nordic Akamatsu is adopted internally and a highly soft sitting sense is brought by the high density of sponge. The soft package, in combination with curve elements of the beetle shape car door, highlights the rounded curve that is alike a beetle's back.

Beatles Lounge Chair has high backrest and low seat, together with short steel feet, its overall appearance is simple and adorable.

SHELL-COLOR OPTIONS

MADE-TO-ORDER
