

Gold pouf - Natural stitching craft draws the outline of concave and convex texture of a lotus leaf vein, just like the lotus leaf floating in the lotus pond under the Golden moonlight, which draws the picture of The Gold Lotus Pool By the Moonlight. It gives new vitality to traditional seating. Invite three or five friends, sit on the ground, drink tea and free chat, enjoy elegance and peace. It inherits the far East traditional Oriental charm and condenses the wisdom of contemporary people.
