

TAIA is a versatile and configurable family of armchairs originating by the combination of different types of bases with an embracing seat of refined and fluid lines. The seat shells are available in a wide range of selected polypropylene colours, with upholstered seat pad or fully upholstered. The broad range of colours, upholstery options and the variety of base types allow infinite design combinations to match the most diverse architectures and contexts.

SEAT MONO-SHELLS**Plastic seat mono-shell:**

Description: ergonomic mono-shell made of polypropylene reinforced with glass fibre.

Finishes: The seat is available in 14 selected colours with a matt non-slip texture on both sides.

**Fully upholstered seat mono-shell:**

Composition: Internal seat in polypropylene reinforced with glass fibre. Upholstered in variable-density, high-resilience flexible CMHR polyurethane foams covered with soft polyester fibre on its front side.

Upholstery: Available in all of the fabrics and leathers of the INCLASS sample book and optionally with fabrics supplied or specified by the customer.

FIXED UPHOLSTERED SEAT PANEL

Inner seat made of polypropylene covered in high-resilience flexible CMHR polyurethane foam 15mm thick. The foam density is 35kg/m³.

Upholstery: Available in all of the fabrics and leathers of the INCLASS sample book and optionally with fabrics supplied or specified by the customer. The upholstered panel is affixed to the shell with 4 screws.

SOFT SEAT CUSHION WITH REMOVABLE COVER

Inner seat made of polypropylene covered in soft polyester fibre. The cushion cover has a zipper that allows to remove it for maintenance. The cushion is not attached to the seat but optionally can be fixed with Velcro stripes.

Upholstery: Available in all of the fabrics and leathers of the INCLASS sample book and optionally with fabrics supplied or specified by the customer.

STRUCTURES**4 leg base:**

The legs are made of 16mm round steel tube 2mm thick.

Finishes: In thermoset polyester powder paint in any of the colours of the INCLASS metallic swatch card or in chrome.

Glides: Standard: Plastic glides. Optional: Felt glides.

4 leg plastic base:

The base is made of polypropylene reinforced with glass fibre.

Finishes: Available in 14 selected colours with a matt texture.

Glides: Standard: Plastic glides. Optional: Felt glides.

4 wooden leg base:

Steel inner structure. Finished with grey thermoset polyester paint. Legs in solid oak.

Finishes: The legs can be varnished in natural colour or stained in any of the oak stains of the INCLASS swatch book. They can be optionally lacquered in any of the colours of the INCLASS swatch book.

Glides: Standard: Plastic glides. Optional: Felt glides.

4 star wooden swivel base:

The base is made with an inner steel structure. The spokes are made of solid oak wood.

Finishes: The legs can be varnished in natural colour or stained in any of the oak stains of the INCLASS swatch book. Optionally they can be lacquered in any of the colours of the INCLASS swatch book.

Glides: Standard: Plastic glides. Optional: Felt glides.

Rod base:

The frame is made with 12mm solid steel rod.

Finishes: Available in thermoset polyester powder coating in any of the colours of the INCLASS swatch book or in chrome.

Glides: Standard: Plastic glides. Optional: Felt glides.

Cantilever chair:

The structure is made of a double core 22mm round steel tube.

Finishes: In thermoset polyester powder paint in any of the colours of the INCLASS metallic swatch card or in chrome.

Glides: Includes polypropylene glides in contact with the floor.

4 star steel swivel base:

The swivel base is made of 18mm steel tube.

Finishes: In thermoset polyester powder paint in any of the colours of the INCLASS metallic swatch card or in chrome.

Glides: Standard: Plastic glides. Optional: Felt glides.

5 star steel swivel base on casters:

The base is made with 18mm reinforced steel tube and comes with twin soft-tread casters with a 65mm diameter.

Finishes: In thermoset polyester powder paint in any of the colours of the INCLASS metallic swatch card or in chrome.

4 leg base on casters:

The legs are made of 18mm round steel tube 2mm thick. Fitted with 4 twin soft-tread casters with a 65mm diameter.

Finishes: In thermoset polyester powder paint in any of the colours of the INCLASS metallic swatch card or in chrome.

5 star aluminium swivel base + casters + gas lift:

Swivel base made from cast aluminium alloy. Fitted with height adjustable gas column and soft-tread 65mm twin castors.

Finishes: Available in a polished finish or coated in thermoset polyester powder paint in black or white.

CERTIFICATIONS AND STANDARDS

European Standard UNE EN 16139-2 and ANSI BIFMA X5.4

AIDIMA quality label.

INCLASS quality management is certified in accordance with the ISO 9001 standard in all the design, manufacturing and marketing processes for its products.

INCLASS production processes are certified according to ISO 14001 environmental standard and are performed to minimise environmental impact.
